ATTENDEE REQUIREMENTS

At our workshops, we roll out the welcome mat for everyone - humans and pups alike! Here are a few things to keep in mind before signing up:

- We work on a basis of a maximum of 6 attendees overall. If you wish to trail as the host, you are included in this number.

VENUE REQUIREMENTS

No matter if you're a city slicker or a countryside lover, finding the perfect spot for your next adventure requires a few must-haves:

- The area needs space to run trails from 100–500m in length, in different directions, have things to hide (buildings, trees, shrubbery or anything we can use as a natural barrier to hide people).
- Unless requested, the workshop should take place in a quieter or private area such as industrial estate, outdoor park, rural area.
- Toilet facilities must be available at the venue where possible.
- Safety – the location should not be near/on busy roads, or safety hazards such as steep grounds.
- Parking for all attendee vehicles, in close proximity to the area we will be working. Dogs will be asked to settle in vehicles/crates so this needs to be a safe area.
- Please note that Frank 'n' Scents Mantrailing will not take any responsibility for any lost or stolen dogs
